NO EXPERIENCE

Third-Year Student:

I am Benjie Morales Asumen, a third-year Computer Engineering student at the University of the East, actively seeking internship opportunities to apply and further develop my technical skills. Throughout my college experience, I am eager to gain hands-on experience in a professional environment where I can contribute to innovative projects and continue to learn and grow in the field of computer engineering.

PROJECTS

Machine Problems:

- Collaborated in Kotlin pair programming for developing Android app game called 10 secs challenge.
- Developed a simple Android App that shows my identity.
- Created a Self Bionote website using html and css.
- Developed an Android app quiz game for kids using kotlin
- Implement a Simple Banking Process using Java
- Collaborated with Pair Programming to developed python games such as Jack n Poy, In-Between Card game, and Simple Calculator
 - Created a java programming about identifying types of triangles.

EXPLORE MY EXPERIENCE
